isad.isastutter.org

Does stuttering make people emotionally stressed or do emotionally stressed people stutter?

Am I going to pass on my stuttering to my child?

Can parents “catch” stuttering early and prevent it?

What will worsen my adolescent’s stuttering? Talking or not talking about it?

Will my stuttering ever go away?

Stuttering has been bound in the shackles of mystery and stigma for years. With some help from experts, let us set it free!
